

Welcome to InfoArmor's Identity Protection Plan

Monitoring of your Identity begins on the effective date of your legal plan. Please be on the lookout for a Welcome email from InfoArmor that will be sent to the email address you provided when you enrolled in the InfoArmor plan (you will receive a letter if you did not provide your email). This letter/email will contain additional information on what to expect for communication from InfoArmor. Members also have continual access to his/her personal online dashboard where he/she may view, update, or change identity information and solicitation reduction opt outs, and access the Identity tool at any time.

Features of your plan include:

SNAPD^{2.0} Identity Monitoring

We monitor identities to uncover identity fraud at its inception. Now with High Risk Transaction alerts, more fraud is detected sooner, including unauthorized account access, fund transfers and password resets.

Internet Surveillance

By scouring an ever-evolving network of compromised machines, we detect information misuse in the Underground Internet and alert consumers with unparalleled accuracy.

Digital Identity

This interactive, easy-to-read report summarizes what a real-time deep Internet search finds out about a subscriber, offers a Privacy Grade and tips to better secure personal information.

WalletArmor

This secure, online document repository makes lost wallet replacement quick and easy. Using state-of-the-art technology, we now include real-time card monitoring of the Underground Internet.

Privacy Advocate Remediation

Our Privacy Advocates are CITRMS[®] Certified and ITRC Trained to be experts in identity restoration. If we detect suspicious activity, a Privacy Advocate will act as a dedicated case manager to act on behalf of the victim and resolve the issue from start to case completion.

\$25,000 Identity Theft Insurance Policy

Protect consumers from the financial damages of identity theft with our \$25,000 Identity Theft Insurance Policy* for associated costs, legal defense expenses, and lost wages.

Solicitation Reduction

We reduce the root cause of up to 20% of identity theft by decreasing junk mail, stopping pre-approved credit offers, and ending telemarketing calls.

IdentityMD

Whether it is learning about ID theft, setting fraud alerts, or restoring an identity, IdentityMD is designed to offer interactive, step-by-step assistance.
